

**International Conference on Control and Management of  
Inadvertent Radioactive Material in Scrap Metal  
Tarragona, Spain  
23–27 February 2009**

**INSTRUCTION FOR FINANCIAL SUPPORT**

The International Atomic Energy Agency (IAEA) has limited funds available to help meet the cost of attendance of selected specialists, mainly from developing countries with low economic resources. Selection preference will be given to applicants whose **papers have been accepted**. Generally not more than one grant will be awarded to any one country.

If Governments wish to apply for a grant on behalf of one of their specialists, they should address specific requests to the IAEA to this effect. Governments should ensure that applications for grants:

- (a) Be submitted by **18 July 2008**;
- (b) Be accompanied by a duly completed and signed Grant Application Form (see attached Form);
- (c) Include a copy of the paper.

Applications which **do not** comply with the above mentioned conditions will not be considered.

The grants awarded will be in form of a lump sum, usually covering only part of the cost of attendance.

Address for grant applications:
