

**IAEA GUIDELINES FOR AUTHORS ON THE PREPARATION AND PRESENTATION
OF A POSTER**

**Third International Conference on Nuclear Power Plant Life Management (PLiM),
Salt Lake City, United States of America, from 14 to 18 May 2012. (CN-194)**

GENERAL

Information on a poster should attract attention. It should therefore be limited to the most important facts only.

PREPARATION OF A POSTER

Each poster author will be assigned a poster board. Prepare posters not larger than the size of **DIN A0 (841mm x 1189mm)**. The poster size should not exceed these limitations.

All display material should be prepared in advance. Pins for mounting posters are available on-site.

The top of the poster should display, in lettering not smaller than 3 cm in height, the following information: **TITLE OF PRESENTATION, NAMES OF AUTHORS, AFFILIATIONS, POSTER NUMBER.**

The text of the poster should be easily readable from a distance of 2 to 2.5 m. Machine typed characters are too small. Use heavy lettering at least 1 cm high.

The poster should be divided into:

- Introduction
- Method
- Results
- Conclusions

or an equivalent division. It is advisable to leave details and explanations for the face-to-face discussions.

PRESENTATION AT THE MEETING

Poster authors are kindly requested to be at their posters for discussion with interested participants during the relevant poster session, as indicated in the meeting programme.

Text and presentation should be in English.

PLEASE NOTE that further details on the possibilities for arranging the displays in the POSTER area will be given at the beginning of the meeting.
