

Guidelines: Poster Preparation and Display

Display/Presentation of Posters

All posters will be displayed for the entire duration of the symposium.

To permit maximum viewing of posters, authors are encouraged to mount their posters as soon as possible upon arrival at the symposium. Please find the poster board bearing your paper number and affix your poster to it. Should you require assistance, please see the conference desk.

As far as possible authors are requested to be present at their posters during the coffee breaks for discussion with interested participants.

Preparation of Posters

The poster should be a visual presentation of your submitted extended synopsis. Posters should meet the following criteria:

Poster Size

All posters should be in portrait format and size: A0 (**1189 mm high and 841 mm wide**).

Lettering

The poster should be easily readable at a distance of two metres. Use UPPER and lower case for general content, as all-capital text is difficult to read. Avoid using mixtures of type/font styles. Left justify text, as it is easier on the eyes of the reader.

Graphs/Photographs

For visual effect, it is recommended that graphs be no smaller than 120 mm × 180 mm.
