The International Conference on Computer Security in a Nuclear World: Expert Discussion and Exchange

IAEA Headquarters, Vienna, Austria, 1–5 June 2015.

Guidance for Enhanced Poster Presenters (E-Posters)

The International Conference on Computer Security in a Nuclear World: Expert Discussion and Exchange will feature digital poster presentations referred to as Enhanced Posters (E-Poster). The E-Poster presentation will be part of the technical sessions.

Presenters will be able present their digital posters on individual touch-screens displays after the technical session related to their poster topics. The relevant session chairs will likewise promote the posters during the session prior to the poster viewing period. This presents the opportunity to briefly introduce the topic of the E-Poster in a session room in order to attract an audience. After the session, the audience will have the opportunity to discuss the topic with the E-Poster presenters at the assigned electronic E-Poster stations.

E-Poster touch-screens displays will be located on the ground floor in the M building near the coffee break area. There will be multiple poster presentations running at the same time, with one presenter per E-Poster display.

After each session, the E-Poster presentations will remain at the E-Poster display and also become available for further consultation during the conference.

Roles and responsibilities of the E-Poster Presenters are

Prior to the Symposium:

- Upload your E-Poster presentations and a full paper into INDICO by 08 May 2015
- The E-Poster presentation should be developed in PowerPoint with maximum 10 slides. Please note, there will be no audio support and no internet connection on the touch screens
- Bring your E-Poster presentations to the Conference on a flash drive as a backup
- Send an e-mail to the organizing committee CompSec2015@iaea.org, if you disagree to have your e-poster presentation published on the Conference website on NUSEC (access controlled).

On the Session Day:

Technical secretaries, chairs, E-Poster presenters, oral presenters, panelists and rapporteurs are required to participate in the pre-session briefing **30** minute prior to the session start time.

The purpose of the pre-session briefing is:

- To review the appropriate guidelines and timekeeping rules with the technical secretary and the presenters
- To get to know each other before the session, discuss open issues relevant to the success of the session
