

Group D2

**- Nuclear fuel cycle, nuclear
Waste**

- QUESTIONS / DIFFICULTIES

- 1. Is it reasonable for a country to build a fuel fabrication facility within the country for energy security?**
- 2. How do you advise the government on fuel supply resources and strategy?**
- 3. Does the Agency have guidance documents on the final disposal of high level waste?**

Group D2

-
- Site and supporting facilities
-

QUESTIONS / DIFFICULTIES

1. Is there a check list for priorities on siting – IAEA safety standards?
2. How do you cope with changes over time in determining siting characteristics – new technology to see what you couldn't before?
3. Is there a gross estimate on the cost for siting analysis?

Group D2

-
Environmental protection
-

QUESTIONS / DIFFICULTIES

1. **Is severe accident analysis based on design, factored into an environmental impact statement – deterministic?**
2. **A Member State may not have capable people in the early stage to evaluate the environmental impact statement – how to deal with this?**
3. **How much involvement with neighbouring nations should be undertaken regarding transboundary effects in environmental impact?**
4. **Important to ratify the conventions.**

Group D2

- - Emergency planning

QUESTIONS / DIFFICULTIES

1. In early stages, countries do not have sufficient manpower resources to develop a comprehensive emergency plan. How to proceed?
2. Who will be responsible for making decisions – culture bias.
3. How do you develop a classification basis for emergency action levels – shelter, evac...?
4. What is the Agency role in exercises and actual events?

-
-

Means to evaluate status

1. There may be a resource issue with self assessment in the early stages before a decision has been made to proceed with a nuclear programme? Not enough to form a NEPIO.
2. Can the Agency issue a questionnaire on how to determine where you are on 19 issues?
3. The Milestones document is very helpful even for countries with operating nuclear programmes to re-examine their infrastructure in the 19 areas.
