

Briefing Note for Authors
20th IAEA Fusion Energy Conference

Book of Abstracts

A Book of Abstracts will be handed to all participants upon registration in Vilamoura.

Preprints

[!Preprints are no longer required by the IAEA!](#)

As technology developments are a reality we would like to make use of them. Instead of paper copies, authors are encouraged to bring an electronic *.pdf* file of their contribution for exchange with other participants. The IAEA Conference Secretariat will have the possibility to handle requests of file transfers from and to USB sticks, diskettes or CD Roms (only reading).

If you nevertheless wish to bring or send paper copies of your preprints you may wish to use the attached [Title Page](#) as the first page of your preprint and add your paper number at the top right corner, e.g. IAEA-CN-116/+*paper number*. Please make sure that your copies reach the following address not later than **31 October 2004**:

20th IAEA Fusion Energy Conference (FEC 2004)
TIVOLI MARINOTEL
8125-901 VILAMOURA
Telephone: 351 289 303 303
Fax - 351 289 303 345

Briefing Meetings and Equipment available for Presentation

Chairpersons and **Authors of oral papers** are kindly requested to attend a **pre-session Briefing Meeting** starting 20 minutes before each morning and afternoon session at which the paper will be presented. [The briefing schedule is included at the end of the document and will also be put up at the conference site.](#) There will be sign posts to lead you to the Briefing room at the Tivoli Marinetel.

Personal computers **cannot** be used for presentations. All presentations will be presented through the conference computer. Speakers should check with the Technician as soon as possible but at the latest the evening before their presentation is due, if it is correctly loaded. For back-up purposes an identical version of the PPT presentation should also be brought along to the conference either on a USB memory stick or on a **CD Rom**.

In case speakers would like to use **overheads** they should inform the Host Secretariat as soon as possible. (csilva@cfm.ist.utl.pt) .

The supported software is **Powerpoint, PDF and Word**. In order to ensure good rendering, we advise you to use only widespread fonts (Times NR, Arial, Zapf,

Wingdings...) and the following multimedia formats (if applicable): JPG, GIF, MPG, WAV.

High-speed internet access (cable) will be available in the Internet Room.

Posters

Two adjacent vertical panels will be available for each poster. On each panel, the maximum available area is 0.945 m width x 1.5 m height. Fixing pins will be supplied by the Conference Secretariat.

Posters should be put up 1/2 hour before the respective session starts and all except for overview posters, must be removed immediately after the session to allow placement of posters for the next session. Authors are requested to spend most of their time close to their posters during the poster session.

Post deadline Papers

The Programme Committee will meet in Vilamoura on **1 November 2004** to consider the post-deadline submissions. Authors will be notified immediately thereafter about the acceptance/rejection of their paper(s). Time has been allocated for oral and poster post-deadline papers on the days between **4 - 6 November 2004**. The full manuscripts for the proceedings must follow the same guidelines as for regular papers (see Section 8(b) of the Conference Announcement. The submission will be possible using LISA between 10 and 21 November.

**20th IAEA Fusion Energy Conference
Vilamoura, Portugal, 1-6 November 2004**

IAEA-CN-116/

This is a preprint of a paper intended for presentation at a scientific meeting. Because of the provisional nature of its content and since changes of substance or detail may have to be made before publication, the preprint is made available on the understanding that it will not be cited in the literature or in any way be reproduced in its present form. The views expressed and the statements made remain the responsibility of the named author(s); the views do not necessarily reflect those of the government of the designating Member State(s) or of the designating organization(s). In particular, neither the IAEA nor any other organization or body sponsoring this meeting can be held responsible for any material reproduced in this preprint.
