- **To create a new document using this template in MS Word, choose “File/New” and select “IAEA Synopsis” under the “General” tab.**
- **Select “Create New Document” and click on the “OK” button. (Please note that the template will not work if opened using “File/Open”.)**

Synopsis properties:

When a new document is created, the initial dialog box (called “Synopsis Properties”) will appear on your screen and should be filled out as directed. In case of more than one institute, each institute should be a “New” entry. For each author, select the appropriate institute. When the “OK” button on the dialog box is clicked, the information entered is saved and inserted at the appropriate places in the paper.

The dialog box can be recalled from the “IAEA Synopsis” dropdown menu on the “Standard” toolbar under “Show Synopsis Properties” and the information in it altered. Note: All the items available in the “IAEA Synopsis” menu are also available as separate toolbar buttons.
