Display and Presentation of Posters

All posters will be displayed for the entire duration of the symposium.

To permit maximum viewing of posters, authors are encouraged to mount their posters as soon as possible upon arrival at the symposium. Please find the poster board bearing your paper number and affix your poster to it. Should you require assistance, please see the conference desk.

A poster session with refreshments is scheduled for Wednesday, 13 August 2008 from 18:00 to 20:00. Authors are requested to be present at their posters for discussion with interested participants.

Preparation of Posters

The poster should be a visual presentation of your submitted extended synopsis. Posters should meet the following criteria:

SIZE

Posters should be no larger than 200 cm high and 90 cm wide (i.e. portrait format). Posters larger than these dimensions will exceed the board size; it is therefore necessary that the poster adhere to the specified measurements.

LETTERING

The poster should be easily readable at a distance of two metres. Use UPPER and lower case for general content, as all-capital text is difficult to read. Avoid using mixtures of type/font styles. Left justify text, as it is easier on the eyes of the reader.

GRAPHS/PHOTOGRAPHS:

For visual effect, it is recommended that graphs be no smaller than 120 mm $\times$ 180 mm.

RECOMMENDATIONS

TYPE OF TEXT	SIZE OF CHARACTERS	CASE / STYLE	GENERAL ADVICE
TITLE	20–24 mm or 100 point maximum	Title Case/**Bold**	At the top of the poster, include the title of the presentation, the names of the authors and the institution where the work was completed.
HEADINGS	48 point is suggested 60 point maximum	Title Case	Headings such as "Introduction", "Methods", "Results", "Discussions" and "Conclusions" are useful.
CONTENT	24–28 point 32 maximum Single spaced	Upper and lower case	The text should be brief throughout. Any description of methods should be simple and concise.
