### Travelling to Córdoba

The city of Córdoba is located approximately 400 Km south of Madrid. The quickest way to get to Córdoba is to take the high speed train (AVE) either from Madrid or from Sevilla to Córdoba. The trip takes 1 hour and 45 minutes from Madrid and 45 minutes from Sevilla (140 Km). Train information can be found at [www.renfe.es](http://www.renfe.es). Information on transportation to Córdoba by bus from different places can be found at [www.socibus.es](http://www.socibus.es).

The city of Córdoba is the result of a mixture of different cultures, which are all represented at different places throughout the city. Information for visitors can be obtained in many websites. A good resource in English is [www.turiscordoba.es](http://www.turiscordoba.es).

## Hotel location

The Hesperia Córdoba Hotel is located at the riverside, close to the Roman Bridge and opposite to the Mezquita (later converted into a Cathedral) on the other side of the river. Directions on how to get to the hotel, as well as other information, can be obtained at [www.hesperia-cordoba.com](http://www.hesperia-cordoba.com). The distance from the AVE station to the hotel is probably excessive for walking (a good half an hour at least). Public transport (bus or taxi) is advisable.

If you need any help, want to make additional reservations or have other enquiries, please send an electronic mail to [srolan@viajesindigo.com](mailto:srolan@viajesindigo.com).
