PARTICIPATION IN IAEA SCIENTIFIC MEETINGS

Governments of Member States and those organizations whose activities are relevant to the meeting subject matter are invited to designate participants in IAEA scientific conferences and symposia. In addition, the IAEA itself may invite a limited number of scientists as invited speakers. Only participants designated or invited in this way are entitled to present papers and take part in the discussions.

Representatives of the press, radio, television or other information media and members of the public, the latter as "observers", may also be authorized to attend, but without the right to take part in the proceedings.

Scientists interested in participating in any of the IAEA meetings should request information from the Government authorities of their own countries, in most cases the Ministry of Foreign Affairs or national atomic energy authority.

CONFERENCE DOCUMENTATION

National statements and powerpoint presentations, as available, will be posted on the website during the conference.

IAEA PUBLICATIONS

Participants will find electronic copies of conference relevant publications and material on the USB card in the conference bag they received at registration. The publications and material is also available at the conference web site:

<http://www-pub.iaea.org/iaeameetings/43049/International-Ministerial>

IAEA publications may also be ordered at the Conference Desk or directly from the Marketing and Sales Unit, International Atomic Energy Agency, P.O. Box 100, 1400 Vienna, Austria.
