

## **Technical Tour provided by the Atominstitut** **(Institute of Atomic and Subatomic Physics of Vienna University of Technology)**

If you are interested in visiting the only nuclear facility in Austria, the TRIGA reactor Vienna, two guided tours will be offered on Monday 12 May at 11 am and 12 noon. . The tour will last approximately 45 min. Participants will see the 250 kW TRIGA reactor, a reactor used uniquely for nuclear education and training at a national and international level, including nuclear related academic studies at the MS and PhD level. Each tour is limited to 20 persons. To ensure a place on the tour, please register with Mr Helmuth Boeck by sending an email to the address below with your name, country and preferred tour time (11am or 12noon). .

**Email:** boeck@ati.ac.at“
