

**25th IAEA Fusion Energy Conference  
13-18 October 2014  
St Petersburg, Russian Federation**

## **Guidelines: Poster Preparation and Display**

These guidelines are relevant to authors who have had an officially designated abstract to the conference accepted by the Programme Committee.

For the respective timing of the poster presentation please see the detailed conference programme available at:

<http://www-pub.iaea.org/MTCD/Meetings/PDFplus/2014/cn221/cn221ConferenceProgramme.pdf>

The "timetable" link will indicate the timing and session.

The poster boards available for the poster contributions are of the following size: 2200mmx1000mm (height x width). It is therefore recommended that the size of each poster contribution be approximately: 1100mmx850mm (height x width).

The full manuscript of poster papers should be submitted through the IAEA-INDICO file submission system. Authors are requested to follow the instructions on formatting of the paper available at that platform. IAEA-INDICO will be reopened for submission of accepted papers in PDF format only on 18 August 2014 and will close on 21 September 2014. The IAEA will not accept regular papers submitted after the deadline, and any subsequent submission by email will not be accepted.
