

Exhibitions during the 25th IAEA Fusion Energy Conference 2014

IAEA Member States, accredited organizations and commercial companies are invited to take part in the exhibition to be set up as a side event to the 25th IAEA Fusion Energy Conference 2014. The exhibition will be located in the Park Inn by Radisson Pribaltiyskaya Hotel, in the foyer next to the hall of the plenary and poster sessions.

Participation in the exhibition provides a unique opportunity to demonstrate achievements in fusion research and development to conference participants and representatives of the media.

The unequipped booths are cost free. They are available in sizes between 6 and 15 m² (booths size are 2X3m², 3X3m², 3X5m²).

Member States, accredited organizations and commercial companies are invited to submit their requests for space, together with the title and a short description of the concept and content of their planned exhibition to fec2014@atomexpo.com as soon as possible. Information on rental equipment and furniture will then be provided to the potential exhibitor.

Exhibition space may be reserved at the host country's conference website <http://www.fec2014.org/en/exhibition/> using the personal account that will be sent to all designated participants early June.

Commercial companies interested in exhibiting are requested to contact the Support Center for Administration of the operating company of Atomexpo (fec2014@atomexpo.com) directly.

The deadline for reservations is **15 August 2014**.
