

Exhibition opportunity during the 4th International Conference on Nuclear Power Plant Life Management

Lyon, France, 23-27 October 2017

IAEA Member States, invited organizations and commercial companies are invited to take part in the exhibition to be set up as a side event to the Fourth International Conference on Nuclear Power Plant Life Management (PLiM) which will take place in Lyon, France, from 23 to 27 October 2017.

The conference and the exhibition will take place at the Lyon Convention Centre, Cite Internationale, 50 Quai Charles de Gaulle, 69443 Lyon, France.

Participation in the exhibition provides a unique opportunity to demonstrate your achievements and technical capability in the area of design, engineering, operation, maintenance, licensing and modernisation of system structure and components to enhance the safety and improve the performance of operating nuclear power plants.

IAEA Member States, invited organizations, and commercial companies are invited to submit their requests for space, together with the title and a short description of the concept and content of their planned exhibition to the local Host **by 15 July 2017**.

[More information and request for exhibition space are available here.](#)
