

**IAEA Fourth International Conference on  
Nuclear Power Plant Life Management**

**Lyon, France  
23-27 October 2017**

***IAEA GUIDELINES FOR AUTHORS ON  
PREPARATION AND PRESENTATION OF POSTERS***

**PREPARATION OF A POSTER**

The poster should be a visual presentation of your submitted synopses. Posters should meet the following criteria.

**Poster Size**

All posters should be in portrait format and size: A0 (**1189 mm high and 841 mm wide**).

**Format**

The poster should be easily readable at a distance of two meters. Use UPPER and lower case for general content, as all-capital text is difficult to read. Avoid using mixtures of type/font styles.

Please be aware that all display material should be prepared in advance. **It is not possible to print posters at the conference site.** Pins for mounting posters are available on-site.

The top of the poster should display, in lettering not smaller than 3 cm in height, the following information:

Title of the Paper, Name(s) of the Author(s), Affiliation(s), Poster Number

Text and presentation should be in **English only**.

**PRESENTATION AT THE MEETING**

Each presenter is responsible for affixing their poster onto their allocated board. Pins will be provided on each board and it will be marked clearly with their related paper number. Should you require any assistance; staff at the conference registration desk will be there to assist you.

Authors are requested to be present at their posters during the dedicated poster sessions for discussion with interested participants.
