

WORLD DISTRIBUTION OF THORIUM DEPOSITS

(STI/PUB/1928)

CORRIGENDUM

1. Thorium deposit 0766, “South of Eisenkappel”, located in southernmost Austria, near the border of Slovenia, should be in the deposit size range of “<1000” tonnes thorium (tTh), not “25 001–100 000” tTh, and thus should be symbolized with the smallest yellow cartographic symbol and should not be numbered on the map, nor appear in the list of deposits at the bottom of the map.
