

Roadmap for Implementing a Geological Disposal Programme

EDITORIAL NOTE

These supplementary files have been prepared from the original material as submitted for publication and have been edited by the editorial staff of the IAEA to the extent considered necessary for the reader's assistance.

Guidance and recommendations provided here in relation to identified good practices represent expert opinion but are not made on the basis of a consensus of all Member States.

Neither the IAEA nor its Member States assume any responsibility for consequences which may arise from the use of these supplementary files. These supplementary files do not address questions of responsibility, legal or otherwise, for acts or omissions on the part of any person.

The use of particular designations of countries or territories does not imply any judgement by the publisher, the IAEA, as to the legal status of such countries or territories, of their authorities and institutions or of the delimitation of their boundaries.

The mention of names of specific companies or products (whether or not indicated as registered) does not imply any intention to infringe proprietary rights, nor should it be construed as an endorsement or recommendation on the part of the IAEA.

The views expressed remain the responsibility of the contributors or authors and do not necessarily represent the views of the IAEA or its Member States. The contributors or authors are responsible for having obtained the necessary permission for the IAEA to reproduce, translate or use material from sources already protected by copyrights.

The IAEA has no responsibility for the persistence or accuracy of URLs for external or third party Internet web sites referred to in these supplementary files and does not guarantee that any content on such web sites is, or will remain, accurate or appropriate.
