

Radioactive Waste Management Profiles

a Compilation of Data from the
Net Enabled Waste Management Database (NEWMDB)

No. 7

This Profiles report is based on data collected using the NEWMDB from May to October 2005. The report was first published on line within the NEWMDB December 2005. Starting with NEWMDB version II (introduced January 2004) individual reports can be updated after a Profiles report is published. Please refer to the Profiles bookmark; the page that is accessed via this bookmark lists revisions to individual Profiles (if there are any).
