Madame President, distinguished delegates and fellow colleagues

I would like to congratulate you all on a very successful conference. I must also thank Ms Marta Ziakova, President of this Conference for her leadership and steering the conclusion of this important conference. The conclusion will help us in the guidance of our capacity building activities focused to Member States. I would also like to thank all the participants for their active participation in this conference.

I take this opportunity to thank our exhibitors who participated in this conference, to Hungary for jointly sponsoring the opening reception and off course to the French Mission for organizing the Capacity Building side-events on Wednesday evening.

Lastly, I fully endorse Alexander's statement and I would like to urge you all to use the new Capacity Building Self-Assessment Methodology for national self-assessment of capacity building activities in your country as envisaged in IAEA Nuclear Safety Action Plan.

Thank you
